

While all students are welcome, the Stone Temple Mountain Bike Camp is generally geared towards students 14-17 years of age. The camp will be focused on skills instruction and mastering mountain bike skills. The camp will also include education sessions on topics important to mountain bikers, including: bike maintenance, environmental and trail ethics, nutrition, and first aid.

Students will stay at Hynd's Lodge or camp. Food will be provided for the entire camp. Ride sessions will be on the IMBA Epic Trails at Curt Gowdy State Park. Training sessions are designed so there will be a minimum of one adult leader per five students. Optional evening activities may include, campfires, star gazing, and evening hikes.

Due to the ever-changing conditions of the Covid-19 pandemic, we may need to make changes or cancel the camps. If this happens you will be notified by early May and a full refund will be provided. We appreciate your understanding, and are hopeful that the camps will proceed as planned.

Geared toward helping students of all ability levels gain confidence and skill on a mountain bike, the Wyoming MTB Camps are designed to increase your enjoyment of mountain biking while making new friends and fostering an appreciation of cycling as a lifelong activity.
